Oh, boy, I can already smell those wonderful aromas wafting from the center of the Crossroads of the Nation for the kick-off to the Strongsville City Club's 27th annual Rib Burn-Off, officially beginning at 4 this afternoon on the City's Commons.

Besides the fantastic foods being served by the various vendors, live entertainment each evening promises to make the first weekend of summer the best yet with Midnight Groove in the gazebo tonight, Funkology on Friday and Dr. Mo with **Monica Robins** on Saturday.

Bon appetit, Strongsville!
